

Newsletter July 2012

A big welcome to CLARE who has joined David, Richard and Karen she will be helping us to run the Centre.

All of us are enjoying the new shop and many are taking turns in running and maintaining the shop.

Here is Paul watering the plants.

There are still lots of plants still available now at a discounted price.

The chickens are laying in excess of 10 eggs per day now – many thanks to everyone for sending in their food and for supplying us with egg boxes (please do not stop this).

Barclaycard came and visited! Us on 5 July we had a great crazy crazy day painting the building outside and inside, they also gave the new recreation room a makeover.

More photos on our Facebook page.

The potatoes are growing well in the fields helped on by the rain!!!

More plants have been ordered for the new shop – these will be available for sale later in the year and at our next event which will be the Harvest Supper (dates to be arranged).
